Introduction

Plusrite Australia Pty Ltd has opened its Australian sales office and distribution warehouse in Victoria on 1st January 2012. We are the Australian branch of the manufacturer Plusrite Electric (China) Co., Ltd, whose manufacturing facility is located in Changzhou China for HID manufacturing and Foshan China for LED manufacturing. Plusrite Electric (China) manufactures a number of lighting products such as HID, LED.

Plusrite Electric (China) has a network of established sales offices in North America, Mexico, India and Dubai, Canada, UK, and produces OEM products for major global brands. Plusrite Australia Pty Ltd is now established to service the Australian lighting market. Being the Australian branch of a global producer allows Plusrite Australia to pass on our highly competitive

prices to our customers, whilst providing exceptional customer service, due to our direct relationship with the manufacturer of our products. By establishing our warehouse in Australia we can offer our range of stock, products with short lead times, allowing our customers to benefit from our inventory holdings and our competitive pricing.

Our products are SAA, CE, RoHS, Emtex, EMC, C-Tick, RCM compliant, All of our products are supported with warranties.

Plusrite Australia's LED range covers Domestic, Commercial, Industrial, we also have HID range, which covers US Standard Products as well as European Standard Products.
