

Plusrite®

LED GLOBE RANGE

LED STREET LIGHT GLOBE REPLACEMENT FOR T46 100W-250W, ED60 50W-100W OR ED120 250W-400W MH & HPS GLOBES.

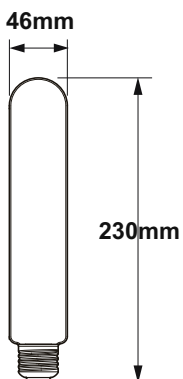

With the same size as a traditional Metal halide lamp or High pressure sodium lamp, those globes are at 175lm/w output efficacy full range integral driver, they are the ultimate solution for retrofitting in enclosed lighting fixture, such as street light and retail stores and benefit from saving more than 70% of energy plus both labour and material maintenance costs.
