

SOLAR WALL PACK LIGHT RANGE

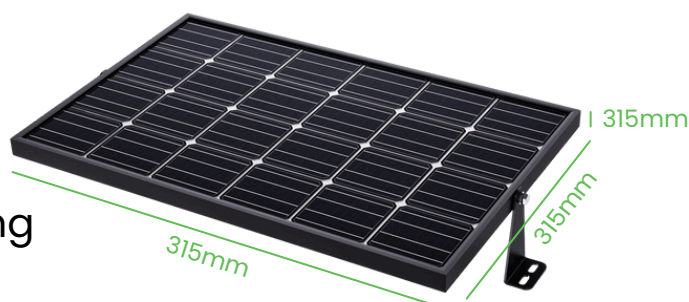

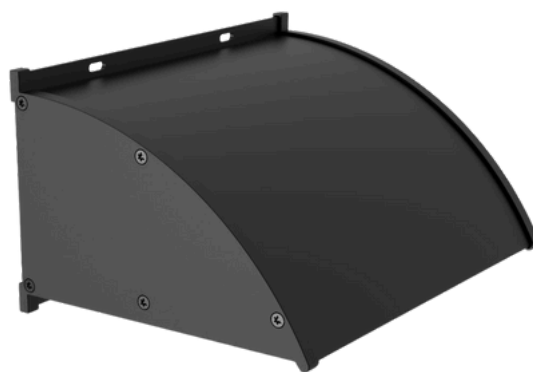

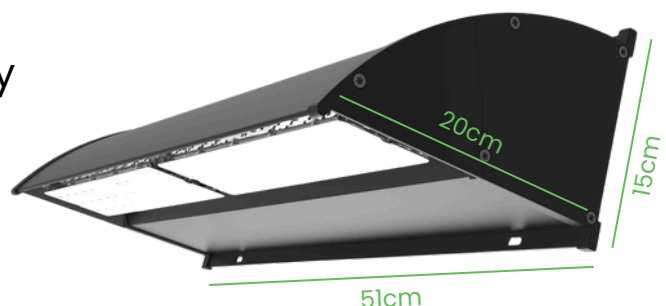

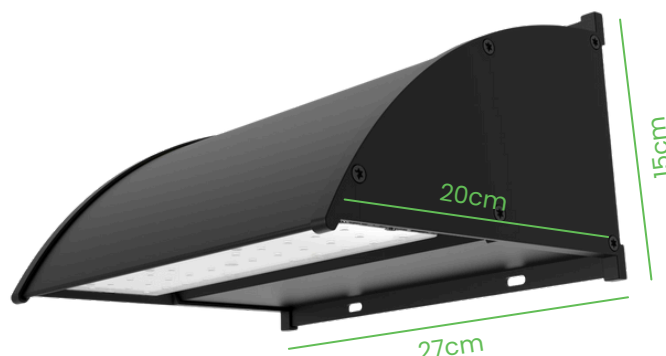

PLS-WP-7W 

PLS-WP-13W 

The Plusrite Australia Solar Wall Pack Light range boosts security and safety without investing in new wiring. This industrial-grade solar light provides powerful illumination for work yards, containers, and building perimeters. It eliminates ongoing costs and offers a durable, low-maintenance lighting solution built for commercial use.

KEY ADVANTAGES

- Zero running costs and high efficiency
- Highly versatile power and colour options
- Flexible placement and installation for any location
- Durable construction featuring IP65 and IK08 impact rating
- Premium technology made for reliability, efficiency, and lifespan
