AI smart glasses

Product Name

AI smart glasses

Product Model

IG-01

PRODUCT SPECIFICATIONS

Hardware	Spec.	Hardware	Spec.
Chipset	JL7018F	Charging Current	300mA with path management
Chipset for Camera	QUANZHI V821	Charge Time	70 mins
Memory	32Gb	Max Video Time (single round)	12 mins
Camera	800W (Pic. 2000W px 5184*3888)	Continuous Video recording time	Up to 1hrs
Video	1080P 30 frames	Standby Time	Up to 120 hrs
Mic.	Double silicon mic. noise reduction	Music Time	Up to 10 hrs
Buttons	2 buttons	large language model -Chinese Market	iFlytek Spark+Doubao
Touch Buttons	Slide touch on the right temple	large language model) - Oversea Market	ChatGPT
Speaker	Dual HIFI Bass speakers	APP	HeyCyan
Battery capacity	220mAh, supports 3C fast charging	Voice Wake Word -Chinese	你好，小橙！（Chinese）
Photo/Video	support Wi-Fi transmission	Voice Wake Word -English	hello，Cyan！（English）
Wear Detection	Support	Weight	38g（Without glass lenses）
Anti-Shake	Software anti-shake algorithm	Accessoreis	Foldable case, cleaning cloth, anti-blue light lenses (1 pair), UV-protected black lenses (1 pair), charging cable, user manual
Charging Port	2-pin magnetic fast charging		
LED Status	Camera indicator light		
Material for glasses frame	TR90		
Temple Hinge Material	Stainless steel		

AI smart glasses

Product Name

AI Smart Wireless Bluetooth Video Recording and Photography Glasses

Product Model

IG-02

PRODUCT SPECIFICATIONS

Hardware Parameters	
Processor	Quad - core processor, 2.0GHz
Memory	4GB
Camera	100 - megapixel; Aperture: F2.0; Focus: Fixed - point focusing; Supports 1080P/30fps video shooting
Bluetooth	Version 5.3
Wi - Fi	Wi - Fi 5
Battery	Capacity: 250mAh; Charging Interface: Magnetic type - C
Microphone	Array microphone
Speaker	Hi - Fi level speaker
Design	Frame Material: Lightweight and durable material; Nose Pads: Skin - sensitive nose pads

Software & Functional Features	
Audio	Hi - Fi level sound quality, "subwoofer in the ear" experience; Supports wireless Bluetooth music playback with top - bottom sound outlet technology combined with fashion
Camera Functions	HDR (enhances image quality in different lighting conditions); Night Enhancement (improves shooting in low - light); EIS (super anti - shake, fast shutter response for quick capture); First - person View Shooting (shoot anytime without disturbing daily life)
AI Function	AI voice processing unit supports real - time transcription, semantic understanding, Chinese - English translation (1 second per language), voice - controlled music and calls. Default wake - up word: "Xiao Jie Xiao Jie" (customizable)
Battery Life	Video Recording Time: 5 hours; Music Playback Time: 3 hours; Standby Time: 6 months; Charging Time: ~2.5 hours; Low - power chip optimization, supports charging while in use

Feature	
Imaging System	100 - megapixel HD camera with F2.0 aperture and fixed - point focusing; HDR and Night Enhancement for versatile lighting; EIS for smooth dynamic recording; First - person view for unobtrusive shooting
Audio Experience	Hi - Fi audio for immersive sound; Innovative top - bottom sound outlet for stylish and quality music playback
Smart AI Assistant	Hands - free operation via AI voice assistant; Real - time translation and voice control for convenience
Comfort & Portability	Ultra - light design with skin - sensitive nose pads for all - day comfort
Connectivity & Battery	Bluetooth 5.3 for stable, interference - free, efficient transmission; Long - lasting battery with charging - while - using support

IILEER

AI smart glasses

Product Name

Removable battery AI smart glasses

Product Model

IG-03

Main processor: Dual-core low-power consumption
Coprocessor: Dual-core RISC-V1.2GHz
Control mode: Voice + Button + APP
Function: AI assistant
SPK power amplifier: Boost intelligent high-thrust power amplifier, HI FI sound quality
Press the key: Physical key X4
Wireless connection: BLE5.3+WI FI
Battery capacity: 440mAh(220mAh*2)
Charging time: About 1 hour
Appearanceselection: 6 different looks
Product color: To be determined
Fit interpupillary distance and head circumference: Different people support different sizes

PRODUCT SPECIFICATIONS

IG-03 Basic

FLASH	16Gb
MIC	Two
Status indicator	Two
Anti-candid camera indicator light	1
Video anti-shake	Software anti-shake
Charging mode	Charging cable
Duration	Regular use: about 5 hours Standby: about 7 days
Border material	TP + stainless steel
Weight (without lenses)	Approx. 40 G (TBD)

IG-03 PRO

FLASH	32Gb
MIC	Three
Status indicator	Two
Anti-candid camera indicator light	1
Waterproof grade	IP5X
Video anti-shake	EIS
Charging mode	Charging cable + charging compartment
Duration	24/7 standby
Border material	TP + stainless steel
Weight (without lenses)	Approx. 40 G (TBD)

IG-03 PM

FLASH	32Gb
MIC	Three
Status indicator	Two
Anti-candid camera indicator light	1
Anti-leakage design	Yes
Anti-blocking of indicator light	Yes
Waterproof grade	IP5X
Video anti-shake	EIS
Charging mode	Charging cable + charging compartment
Duration	24/7 standby
Border material	TP + titanium alloy
Weight (without lenses)	Approx. 35 G (TBD)

AI function configuration (to be supplemented)

Domestic AI big model: I FLYTEK Spark + Bean Bag
AI big model of going to sea: ChatGPT
APP download: OneGlance
Voice wake-up words: Hey, Glance!

IILEER

AI smart glasses

Product Name

Semi open smart Bluetooth glasses

Product Model

IBG

Specification

Bluetooth version: V5.4
Distance: ≥10m
Frequency response: 20Hz - 20kHz
Microphone sensitivity: -42dB ± 3dB
Speaker specification: ∅15.4mm 22Ω, copper ring titanium film
Battery specification: 3.7V 100mAh
Gaming time: Approximately 5 hours (at 80% volume)
Call time: Approximately 4 hours
Standby time: Approximately 200 hours
Charging time: Approximately 2.5 hours
Product size: As shown in the diagram (151.46mm in length, with other dimensions marked accordingly)

Funtion

Power On/Off	1. Press and hold for 3.5 seconds to power on, press and hold for 5 seconds to power off, and press and hold for 2 seconds. Release when you hear a beep to wake up the voice assistant. 2. Turn on the phone's Bluetooth and search for the name: STSJ - 200 to connect
Making Calls	Call functions: Short - press the function key to pause, play, answer, receive incoming calls and hang up calls. Press twice in succession to reject calls
Voice Assistant	Low - battery alarm: When the battery voltage is lower than 3.3V, the voice reminder cycle is 10 minutes. When the battery voltage drops to 3.1V, the earphones will automatically power off.
Playing Music	1. Short - press the function key once to pause/play; 2. Press the function key three times in succession: Previous track 3. Press the function key four times in succession: Next track

Feature

- Semi - open directional audio
- Smart Bluetooth glasses
- Convenient for answering/making calls/listening to music
- Free your hands, stylish and practical
- Bluetooth 5.4
- Easy to wear
- Long - lasting battery life
